His hand and legs then had big sores on them and as for his siceping, we could not think of it, the poor little fellow suffered to the crib to keep him from scratching, but when it got so had I tied him in a shawl or he would scratch himself, all bloody. When he was seven months old we tried a set of the Cuticura Remedies. The first application of Cuticura let him sleep and rest well, in one week the sores were gone but it stayed red and sometimes it would itch so we used Cuticura for two months, then he had a clear and white face. Now he fa two years and seven months old and has never had eccent again. I hope this letter will help some who are suffering from skin disease.
